Part B. for December 1905

SUBJECT.

Cost of shed materials supplied to the Plague Dept. of the Mysore Dt. by the Forest Dept.

FILE No. 26 of 1903-04.

Cost of shed materials supplied to the Plague Department of the Mysore District by the Forest Department.

1 From the Senior Surgeon, and Sanitary Commissioner, No. 889—P., dated the 12th October 1903.

Requests sanction to a bill for Rs. 1,398-7-2, being the cost of bamboos and timber supplied by the Forest Department during the year 1899, to the Amildars of the Mysore District to effect speedy evacuation of villages.

2 From the Secretary, General and Revenue Department, No. L. B. P. 449, dated 23rd October 1903.

Requests the Senior Surgeon to obtain from the Deputy Commissioner, Mysore, and forward a detailed statement showing the quantity and cost of materials supplied to the people in each taluk.

3 From the Senior Surgeon and Sanitary Commissioner, No. 1274—P., dated 12th December 1905.

Forwards the statement called for in Serial No. 2.

4 To the Senior Surgeon and Sanitary Commissioner, Deputy Commissioner, Mysore, and the Comptroller, No. 6756-8, dated the 29th December 1905.

With reference to Serial Nos. 1 and 3, observes that the information furnished after two years' delay is not complete and sanctions the bill for Rs. 1,398-7-2, pending the receipt of certain accounts with the explanation of the responsible persons for this extraordinary delay, etc.

General No. P. 1274
No.

Enclosure No. 4.

Forwarding Statement of
Shed materials supplied to the
General Taluks of the Mysore
District amounts likely to be
recovered etc

Correspondence ending with the Mysore District Deputy Commr's No. 1369 dated the 28th. November 1905.

Docket No. 169P dated 18th. July 1905 from the Senior Surgeon and San:Commr. Plague Deptt. to the Deputy Commr. Mysore District.

---------&&&&&&&&----------

His No. 61 dated the 10th. July 1905 forwarding a consolidated statement of shed materials supplied to the several taluks of his District.

Referring to the above statement, has the honor to observe as follows:-

(1) Against Krishnarajpet taluk it is atated that the Amildar received a supply of 100 thick bamboos from Seringapatam Amildar, whereas the latter is said to have supplied only 75 thick bamboos to the other taluks.

(2) The amounts realised by the sale of materials at cost price said to have been remitted to the Treasury do not tally with those shown in the bill "as amount recovered"

(3) There are wrong entries under thick and thin bamboos against Nanjangud, apparently one item being interchanged for the other, and

(4) In the explanatory note written against the Nanjangud taluk, it is stated that the Amildar has still to account for 4225 bamboos and 90 sticks of timber, whereas in reality the materials not accounted for are 6668 thin bamboos and 32 sticks of timber as detailed below:-

	Bamboos	Timber
Supplied from the Mysore woodyard.	2925	..
Nanjangud Depot	12806	90 sticks
Total..	15731	90 sticks
Deduct materials accounted for ~~thus~~ (irrespective of size) sold at cost price	1219	Nil
Given gratis.....	7543	Nil
Balance on hand	301	58 sticks
Total	9063	38 sticks

Balance

	Bamboos	Timber
Balance to be accounted for	6668	32 sticks

(5) The statement and the bill are herewith returned with a request that full and correct information may be furnished at a very early date and a new statement sent in lieu of the one under reference which latter is not readily comprehensible.

----------oOo----------

Docket No. 637 dated 1st. September 1905,
from the Deputy Commr. Mysore District to
the Senior Surgeon and S.C. Plague Deptt.

His docket No. 169P dated 18th. July 1905 and subsequent reminder letter No. 441P dated 26th. idem regarding shed materials supplied to the several taluks of this District.

----------&&&&&----------

With reference to the above, has the honor to state that 75 thick and 586 thin bamboos sent to other taluks by the Amildar of Seringapatam do not seem to include the 75 thick bamboos which the Amildar of Krishnarajpet taluk states as having been received from the former taluk. It cannot be inferred that the "other taluks" referred to above necessarily include Krishnarajpet also.

(2) The amounts realised by the sale of materials at cost price do not tally with those shown in the bill as " amounts recovered", as the latter represent only a portion of the full cost of the materials credited to the ' Forest Department' by mistake instead of to the Plague funds. The forest Department have therefore deducted the amounts credited to that Department and claimed adjustment to the balance.

(3) The total quantity of bamboos and timber supplied to the Nanjangud taluk as detailed in the bill is 15731 and 90 respectively and the total quantity expended is 11147 bamboos as follows:-

Sold

	Bamboos	Timber
Sold at cost price	8004	Nil
Given gratis	3143	Nil
	11147	

The balance still to be accounted for by the Amildar is 4584 bamboos and 90 sticks of timber; and deducting from the former (Viz 4584 bamboos) 359 bamboos shown under 'balance' in the statement. the reminder will be 4225 bamboos and 90 sticks of timber as stated in the explanatory note written against the Nanjangud taluk.

(4) A revised statement embodying the above particulars is herewith forwarded and the bill received with the docket under reply is returned.

---oOo---

Docket No. 523P dated 8th. September 1905 from the Senior Surgeon and San:Commr Plague Deptt. to the Deputy Commr. Mysore District.

His No. 637 dated the 1st. Instant regarding shed materials supplied to the several taluks of his District.

---&&&&&---

Referring to para 1 of the above, has the honor to point out that according to the Amildar of Krishnarajpet's report 100 thick bamboos were received from the Amildar of Seringapatam. It is obvious that the latter must have sent out to " the other taluks " at least 100, possibly more, but not less. Clearly therefore, either Krishnarajpet should have got only 75 thick bamboos from Seringapatam, probably less than that number if " other taluks " meant one or two others besides Krishnarajpet, or the Amildar of Seringapatam should have supplied more than what is stated he supplied to the other taluks. In these circumstances requests the favor of an early explanation in the matter as to which of the statements of the two Amildars is correct.

---&&&&&---

Docket No. 1369 dated 28th. November 1905
from the Deputy Commr. Mysore District
to the Senior Surgeon & San:Commr.
Plague Department.

His docket No. 523P dated 8th. September 1905 regarding shed materials supplied to the several taluks of this District.

----------&&&&&&----------

With reference to the above, has the honor to state that the Amildar of Krishnarajpet taluk reports that he actually received 100 thick bamboos from the Amildar of Seringapatam and that his statement may be accepted. This transaction took place in the year 1899 when Plague was spreading everywhere. In order to encourage timely evacuation and in order to avoid delay which would occur by sending the materials from a distant place, it seems to have been usual to order the supply of materials from the place which was near to the infected area whenever there was a necessity for it. It may be inferred therefore in the present case that the 100 thick bamboos under question may include more than one supply from the Seringapatam taluk. The Amildar of the latter taluk states in his final report No. 54/2079 dated 18th. November 1905 that no further information is available in his office.
